

## EDUCATIONAL AND HOLIDAY SUMMER CAMP FOR TEENAGERS CAMBRIDGE - 21 JULY TO 4 AUGUST 2010

Cambridge and the surrounding area is an ideal base to discover the East of England. Home to one of the world's greatest universities, Cambridge has a lively student culture. There are six theatres, two concert halls, several pop music venues and 15 cinema screens in the city. The city has a wealth of bookshops, a fine museum, The Fitzwilliam, a number of art galleries, the best being Kettle's Yard. The School is a well established girl's day and boarding school in the heart of Cambridge. The classrooms are a good size for classes of 12 - 15 students, with a light and airy outlook.

In the afternoon there will be activities, sports, arts, crafts, drama and project work taking place in the area of the school. There is a new swimming pool and sports centre just a short walk from the school. The large grassy area known as Parker's Piece is also close to the school with the pedestrianised shopping centre opposite.

The groups are organised by S.M.A.R.T. OPTIONS (Academic Counsellors / University Representatives), in collaboration with reputable and experienced Language Schools & other educational institutions.
